

## Where does work get done?

Typical situation - your client needs five workstations. Unconventional problem - the opportunity is on a barge plying the Mississippi - here today and gone tomorrow. When our customer needed to outfit five offices located on a barge that would be docked for only a week, they turned to BBF. Utilizing our Install 360 suite of services, we planned the space, specified the furniture and delivered and installed it within a week, all while the barge was 700 miles away. Problem solved - Happy customer, happy dealer.
